

Sketchbooks - Advanced Art II

Exploring and Building your Personal Style

This year the sketchbook is all yours.

Develop your own assignments based on your interests and ideas.

- Work on skills you need to strengthen.
 - Explore styles, concepts, media.
 - Combine images that you find on line with words, thoughts and sketches of your own.
 - Use your own photos as a starting point for a sketch book spread.
 - Explore art forms and career directions that you find interesting.
 - Doodle and journal your way to a personal style.
- Idea list from last year is still posted in case you need ideas to get started.

Complete a sketchbook spread every two weeks.

First spread is due Sept. 19th

This will be a classwork grade every odd Friday
(because we're all a little odd)

The **finished sketchbook** will be a **project grade**
due on May 23rd.
